

BOSAVERN TRAINING & Work Experience

* Grow food * Cook food * Employment Skills *

By joining our project you will get to try a wide range of practical skills such as: growing herbs, salad, vegetables; chicken care; fencing and tree-care along with catering experience. We will also help you to develop work-ready qualities through a combination of team-work, mentoring, and job-hunting assistance, as well as helping you with goal-setting, CVs, and applications for work or training. No fees. No previous experience necessary as full training will be given.

Who Can Take Part?

This project is designed for any adults of working age (18 yrs right through to retirement) who are not currently in paid work but would like to be. You must be living in our priority Penwith areas. Call us for details.
